

SPECIAL LOW FEES

During the entire month of June we are going to reduce our fees less than ONE-HALF the usual charges, and although they have never been exorbitant still, many people in need of special treatment have neglected consulting us for fear that they would be excessive. Many do not consider the fact that we furnish all medicines for the cure, that we spare neither pains nor money in securing the best of everything for our patients and that we have expended thousands of dollars in equipping our offices and are giving them as good treatment as they can get in Chicago or New York. With all this, our charges for curing many uncomplicated Chronic Diseases do not exceed FIFTEEN DOLLARS.

A consultation, a careful examination and our opinion and advice will cost you nothing nor obligate you to take treatment, and when necessary we will use the X-RAYS, Cystoscope and Microscope, or make a chemical analysis FREE.

Some people who read our ads the past two weeks in which we stated that we would cure Varicose, Stricture and Piles for the small sum of Fifteen dollars, were very skeptical. The following letters taken from many we have received, tell what we are doing:

City, May 22, 1910.
Dear Doctors:—It is with pleasure that I write you that the little operation was a perfect success. When I read your advertisement stating that you would cure varicose for fifteen dollars, I said to myself, well I will go up and see where the catch in this ad is, as I had some experience with advertising doctor's and the other kind too for that matter. You did all you promised and I am truly grateful. Would prefer that you not use my name in the papers, but will talk with anyone.
Your Grateful Patient,
El Paso, May 25th.

Dear Doctors:—I believe that my stricture was well, in fact better than for years. Your charges were less than one-fourth I paid another specialist who treated me for months without giving me relief.
Yours gratefully,
R. Gramlich.

FINANCES OF THE ELEPHANT BUTTE PROJECT

Figures from Eighth Annual Report of the Reclamation Service.

The eighth annual report of the reclamation service, just issued, gives the financial status of the Rio Grande project and a brief outline of the work done during the fiscal year ending June 30, 1909. A complete topographical survey of the Elephant Butte storage reservoir site was made. A large amount of development work was undertaken to determine the exact location of the dam and the nature of the material that will be encountered. A reinforced concrete water tank, capacity 300,000 gallons, was erected for use during development and construction of the dam. A railroad line was surveyed from the proposed site to a place 3.12 miles south of Engle on the Santa Fe railway. The line has a length of 10.12 miles, the first three miles being most expensive, due to sharp curves and rocky canyons.

Since December, 1908, topographic surveys of the El Paso valley were in progress to determine just what use to make of the Franklin canal and to secure data for planning the irrigation system for the valley.

Could Not Stand On Feet

Mark Center Lady Tells How She Suffered, and Could Not Stand, But at Last Got Relief From Cardui.

Mark Center, O.—"I have been greatly benefited," writes Mrs. S. J. Kintner, of this place, "by taking Cardui. Before trying Cardui, I could not be on my feet half an hour at a time. Now I can work all day, and sleep well. The pain in my right side is all gone, and I am in better health than I have been for five years. I recommend Cardui to all my friends. I am also giving Cardui to my young daughter."

Letters from all over the country come in the daily mail, telling what happy results have been derived from the use of Cardui, the helping, healing tonic for women.

Its virtues are due to the specific, curative qualities, of the herbs of which it is composed, and its thousands of lady users appreciate its harmlessness and non-mineral, non-intoxicating, beneficial curative qualities.

Half a century of success, in the treatment and cure of the special womanly troubles, for which it is peculiarly fitted, is a bond that guarantees the merit of Cardui, beyond all question.

Isn't it reasonable to suppose that it will benefit you?

Try it.

WOMAN IN JAIL ATTEMPTS SUICIDE

Swallows Disinfectant and Match Heads at County Jail.

Crying and begging for the drug, which has brought her to a state of emaciation, Amy or Lillian Martin, she is known by both names, wearied of her unanswered requests for morphine and attempted to end her life at the county jail Tuesday afternoon about 4 o'clock.

In some unknown way, she had managed to secure some disinfectant used at the jail and drank a quantity of it. It only nauseated her and she then adopted another scheme to end her existence. She obtained a number of matches and biting off the heads swallowed them. So painful was the effect of the poisonous sulphur, that she cried and screamed, attracting the attention of the jailer.

County health officer Hugh S. White, who was summoned, immediately used stomach pump for the woman. She will recover from the effects of the poison.

The woman is 25 years of age and is only one of the many drug users who have been confined in the county jail on charges of insanity. She has used drugs for many years and although she had undergone treatment at the county hospital and at the jail, she has seemingly not been able to quit the habit. Several times she has been released from custody, but was found suffering from the effects of morphine or other drugs and was again taken to the county jail.

ON TRAIL OF ALLEGED BRUIER IN ILLINOIS

Springfield, Ill., June 8.—That a fund of approximately \$3000 raised to kill the fish bill in the legislature went to "sweeten" the general legislative "jackpot" is the belief of state's attorney Burke, who, today returned from a third visit to Beardstown.

The prosecutor said he not only had evidence to support his hypothesis, but he is on the trail of at least one man whom he believes handled the fish bill funds after it had been paid to Frank Traut, of Beardstown, at the St. Nicholas hotel.

TAFT REFUSES TO MOVE

THE NEGRO REGIMENT

Washington, D. C., June 8.—President Taft today flatly refused to accede to the demand from the citizens of Seattle, Wash., transmitted through senator Jones, for the removal of the 25th infantry (negro) from the post near that city, because a soldier is accused of assaulting a white woman.

The 25th is the regiment involved in the "shooting up" of Brownsville, Tex. The personnel of the regiment at present, however, is entirely different.

Responsibility for Accident.

Oakland, Cal., June 8.—Censuring the Oakland Traction company for its operation of cars on the Leon Heights line, where five persons met death Memorial day, under conditions that failed to provide proper protection for the passengers, the coroner's jury returned a verdict holding the dead motorman, C. Christensen, the conductor, W. J. Holbert, and the company equally responsible for the accident.
